COUNTED UPON TO  
OUTLINE PROGRAM

President Hopes Group Will  
Formulate Plan Accept-  
able To All.

GOMPERS SAYS CAPITAL  
MUST CHANGE ATTITUDE

Will Not Enter Conference  
Again Unless Such  
Change Takes Place.

Washington, Oct. 23.—Out of the national industrial conference, President Wilson today sought to build new machinery to bring about industrial peace in the country. In a message to Chairman Lane he asked that the public representatives in the conference continue their work and make a report to him.

It is the hope of the President and other administration officials that the public delegates who were appointed by Mr. Wilson and who represent both employers and workers, can formulate a program which will be acceptable to capital and labor.

After announcing that he had received President Wilson's message, Chairman Lane declared the national industrial conference as originally constituted adjourned and immediately called the members of the public group into session as a new conference.

Both the public and capital groups were present at the conference, meeting place today awaiting the word from President Wilson. Spokesmen for each said further deliberations appeared hopeless since the representatives of organized labor had withdrawn from the conference, but the public delegates were expected to comply with Mr. Wilson's request to continue their labors.

While Samuel Gompers, president of the American Federation of Labor, reiterated today that the labor delegates would not again meet with the employers group unless a majority of the employers' representatives changed their attitude on the issue of collective bargaining, officials had not abandoned hope that labor would assent to principles which might be formulated by public group, acting alone.

Whether capital's representatives would assent to the arrangement proposed remained to be developed. Their spokesman said, however, that the message was received that they had stood for what they regarded as just principles and were content to rest their cases before the public on the conference.

President Wilson did not write a formal letter to the conference. His wishes were made known to Mr. Lane through Secretary Tumulty, who went to the conference room after a talk with the President during which Mr. Wilson was informed not only of the views of the conference, but also of the dissolution of the national industrial conference today as the result of the withdrawal of organized labor's representatives today seemed certain.

Chairman Lane still was hopeful that President Wilson would be able to find some way out, but in the absence of any word from the president leaders of both the public and capital groups were agreed that further sessions were useless.

"You cannot play Hamlet without Hamlet," said Thomas L. Chabourne, chairman of the committee of fifteen. He added that he planned to recommend to the public group of which he is a member, that a committee be named to formulate a report to the president and then have the group disperse.

Bernard Baruch, chairman of the public group said that he considered that the conference virtually had ended when the labor delegates withdrew last night. The issue is now before the public, Mr. Baruch said, and public opinion alone can decide.

Representatives of capital also were of the opinion that the sessions should not be prolonged. Delegates said the group would issue a statement defining its course in the conference and the principles for which it had contended.

Meantime President Wilson has under advisement the future fate of the conference. He had before him recommendations of Secretary Lane that the conference continue its session although only the representatives of the public were present. Mr. Baruch and Mr. Chabourne, however, did not agree with this recommendation and the views were made known to the president.

From his sick bed in the White House, President Wilson today dictated another letter to the national industrial conference. He was said to have urged that the conference proceed without representatives in a final effort to frame some program looking to the reestablishment of industrial peace.

Department of labor officials were said to favor further action on the part of the public representatives, in the hope that a program originating with that group would be acceptable to labor.

Samuel Gompers, president of the American Federation of Labor in a formal statement today reiterated that unless the employers group in the conference agreed to the demand that the workers without discrimination had the right to organize it was worse than useless for labor's representatives to continue the deliberations.

Secretary Lane told the delegates that withdrawal of the labor group had changed the nature of the conference. He said he had been commissioned by the President to explain to the employers group the changed nature of the conference and to say that the President desired the public group to remain in session to carry on the work.

"I know that the people of the United States are greater than any part of that people," said Mr. Lane, "and as a body they will move forward regardless of clashes greater than this. The public group will be asked to make suggestions and to give advice as to the industrial policy of the country these to be presented to the President."

After the conference was adjourned, Mr. Lane said it was possible the President would membership of the public group so as to make that

body more representative. Organized labor may be asked to participate through delegates to be named by the President.

The public representatives probably will name sub-committees to study and report on various phases of the industrial situation and then consolidate their findings into the pronouncement of the conference, Mr. Lane said. This course is similar to that on the original conference by chairman.

The labor group withdrew from the conference last night after it failed to obtain adoption of a collective bargaining resolution had been defeated by a vote of a majority of the capital group.

Although the representatives of both the public and capital announced their intention of remaining in the conference, the next move in the effort to restore industrial peace to the country evidently rested with President Wilson.

Mr. Lane will make a personal report of the situation to the president, but neither leaders in the conference nor officials generally would venture a prediction as to what course Mr. Wilson would take.

When the conference convened in the afternoon the labor group proposed the following resolution:

"The right of wage earners to organize without discrimination, to bargain collectively, to be represented by representatives of their own choosing in negotiations and adjustments with employers in respect to wages, hours of labor and relations and conditions of employment is recognized."

Under a suspension of the rules the resolution immediately was brought to discussion and vote, the labor and public groups uniting in its support on the roll call. The majority against the resolution in the capital group was one vote, but under the conference rules this majority was sufficient to defeat the resolution.

With the announcement of the result Mr. Gompers told the conference the resolution had been rejected "without right or reason, rejected on grounds so flimsy that the men sitting in the employers' group will have difficulty in explaining their action to their fellows in the world."

"You have defeated the labor group in its declaration," declared the veteran labor leader, "but we will meet you again in conference, and when we do meet you there you will be glad to talk collective bargaining."

"I have sung my swan song in this conference. You have, by your action, legislated us out of the gathering. We have nothing further to say, and it is with a feeling of regret that we are not able to remain longer. Our chief regret is the defeat of every fair proposition on our part. The die is cast. We cannot remain longer."

Representatives of the four railroad brotherhoods remained in the conference session adjourned, but they announced that they did not intend to stay in the conference, but they were in accord with the main body of the labor group.

OPENS BIDS FOR  
PLANT AND TOWN

New York Firm Offers \$8-  
320,000 For Town and  
Plant Which Cost Gov-  
ernment 70 Millions.

Washington, Oct. 23.—Assistant Secretary Crowell today began consideration of the ten bids received by the war department for the government smokeless powder plant and the town of Chateaufort, Va. This is the second offering of the project and it probably will be made as each of the bids has many considerable features before a decision is reached.

The bids as announced today are:

John F. Gilmore, New York City, \$8,320,000; Hooker Electro-Chemical Company, New York, \$8,200,000; Reginald W. Beall, Washington, \$8,000,000; Harry Crothel and Company, New York and Chicago, \$7,300,000; Charles Shogood, New York, \$7,000,000; Fred F. Blanchard, Boston, \$7,000,000; Charleston Industrial Corporation, Charleston, S. C., \$6,600,000; J. H. Shovel, Ocean City, Md., \$6,300,000; John Eichleay, Jr., and company, Pittsburgh, \$6,192,233; Lake Railway Supply company, Chicago, \$6,000,000.

The plant and housing projects at Nitro cost the government \$70,000,000.

WILSON'S PROGRESS  
IS SATISFACTORY

Washington, Oct. 23.—President Wilson is making as satisfactory progress as is possible in the circumstances his physicians today issued this bulletin:

"The President is making as satisfactory progress as is possible in the circumstances. No new symptoms have developed."

ARREST MAN AT WARREN  
FOR ROBBERY FRIEND

Police Chief James Sheridan left this morning for Warren, where he captured a foreigner charged with robbing a room mate and friend of \$130 in a rooming house in Canal street. The man is in custody.

The theft occurred about two weeks ago, the two men occupying the same bed, and according to the story of the man who lost the money, and who conducted a pool room, shoe shining stand and tobacco store under the same roof, his companion arose early and knowing that his friend kept his money sack under his pillow, extricated the same without awakening him, and left the city.

Chief Sheridan located the man at Warren, where he had secured employment, and requested his arrest. Sheridan will bring him back tonight.

**NEWARK WOMAN ELECTED.**  
The Daughters of Veterans will meet in 1920 at Cambridge. This town was selected at the meeting held at Evesville, where officers were elected. Mrs. J. D. Shephardson of Granville was named chairman, and Mrs. Emma Cline of Newark was elected as a member of council.

PLAN NEW FIGHT  
ON AMENDMENTS  
TO PEACE TREATY

Administration Forces Un-  
able to Secure Modifi-  
cation of Demands.

JOHNSON AMENDMENT IS  
BEING CONSIDERED TODAY

Expect Vote Probably Fri-  
day On Demand For  
Six Votes in League.

Washington, Oct. 23.—Although nominally the senate still was in the midst of its fight over peace treaty amendments today, the real subject of interest among senators was that regarding reservations brought by recent developments to a sharp issue.

Having adopted ten revised reservations, the foreign relations committee planned to meet again late today or tomorrow to continue the work of formally approving a reservation program which the Republican leaders say had been pledged to support of a majority of the senate.

The administration forces, unable to accept the majority proposals or to secure their modification in the committee, was planning to organize their fight against them on the senate floor.

Whether this fight would be carried to the point of voting against the treaty's ratification if the reservations were adopted remained to be seen. The consideration of the Johnson amendment proposing to give the United States as many votes as the British empire in the League of Nations assembly, was continuing through most of the day and probably tomorrow.

The leaders did not expect a vote during the day but thought it probably would come tomorrow.

RUSSIANS CAPTURE  
FORTIFIED GULF TOWN

London, Oct. 23.—Krasnaya Gorka, a fortified city on the southern shore of the Gulf of Finland, about 30 miles west of Petrograd, has been taken by anti-Bolshevik troops, according to Helsinki dispatches.

South and southwest of Petrograd the northwestern Russian army seems to be making slow progress. Advances here, however, would appear to indicate a slight advance by General Yudenitch during the last few days, it being said a severe struggle is in progress six and one-half miles south of the city.

The anti-Bolshevik forces are reported to have arrived at Petrograd from Moscow and to be engaged in the battle.

General Denikin has again defeated the Bolsheviks in the Volga region, having driven the Soviet forces back near Kamyshin, north of Tzaritsyn, according to a wireless message from General Denikin's headquarters.

The Soviet government claims to have broken in the apex of the great wedge driven northward towards Moscow by the Denikin army, the villages of Slevsk and Kromy having been taken. It is said the Denikin troops are being pursued southward in this region.

NEW YORK EXPRESS  
DRIVERS BACK ON JOB

New York, Oct. 23.—Members of the International Union of Teamsters, Chauffeurs and Helpers, whose strike ten days ago resulted in a complete tie-up in express service here, returned to work today.

Decision to call the strike off was reached at the strike headquarters yesterday after a committee which had visited Washington reported that Walker D. Hines, United States railway director, had warned them that unless the strike was terminated he would send troops to New York to replace the strikers.

Mr. Hines has promised the men that he would seek to have the wage adjustment board return a decision on their demands by November 4.

TENNESSEE MINERS  
WILL NOT STRIKE

Knoxville, Tenn., Oct. 23.—Officials of the biennial convention of the district number 19, United Mine Workers of America, with a membership of over fifteen thousand of that today, decided that production will not cease at the mines in local districts which have been signed under the Pinelville (Kentucky) award, even if a nation wide strike of the Tennessee miners become effective November 1. These mines have been signed on the agreement to continue the production of normal coal output during the time the negotiations are pending.

WILL SEND MORE TROOPS  
INTO CHICAGO DISTRICT

Chicago, Oct. 23.—Efforts of steel mill operators to obtain a large emergency supply of coal before the calling of the threatened miners' strike and the possibility of additional federal soldiers being sent to Gary, Indiana, today marked the progress of the steel workers strike, now nearly five weeks old.

"While everything is quiet on the surface, there is trouble in the air," said Colonel W. S. Mapes, commanding troops having Gary under military control, "and more troops will be ordered here in order to police adequately the large territory."

Washington: Though Lieutenant B. W. Maynard first to complete the round trip trans-continental air race, Captain J. O. Donaldson beat his flying time by ten hours.

ASTOR'S CHILDREN WILL FIGHT EFFORTS OF STATE AND NATION  
TO COLLECT INHERITANCE TAXES ON FATHER'S HUGE U. S. ESTATE

Left to right, above: Major Waldorf Astor, Mrs. H. H. Spencer-Clay and her husband. Below: Mrs. Waldorf Astor, Jr. and Capt. John Jacob Astor and his wife.

New York, Oct. 23.—Word comes from England that the children of Viscount William Waldorf Astor, expatriated American, whose death occurred recently, will fight all attempts of the state of New York and of the federal authorities to collect inheritance taxes on his immense American holdings, which just before his death he turned over to his two sons, Major Waldorf Astor and Captain John Jacob Astor, both of the British army.

His other child, Mrs. H. H. Spencer-Clay, did not get a share of his American wealth. The inheritance laws provide that if a man in anticipation of death gives away his property for the purpose of making it possible for his heirs to escape payment of inheritance taxes, then the gifts shall be held void. Viscount Astor was in very poor health when, only about two months ago, he turned

over to the trusteeship of the Farmers' Loan and Trust company in this city, all of his property in New York to be held for his two sons.

Among the holdings in New York are the Hotel Astor, assessed at \$4,050,000; the Astor theater, at \$1,002,000; the Astor apartments, at \$1,523,000; and realty on the west side of Madison avenue, between Thirty-fifth and Thirty-sixth streets, at more than \$1,000,000.

When the Astor estate was virtually intact in 1911 the total valuation of the viscount's holdings in this city was \$50,329,000.

A cable from London states that the new Lady Astor may be asked to contest Plymouth at the bye-election consequent on her husband's succession to the peerage. A Plymouth correspondent of the London Daily Mail says:

"There is no doubt that Lady Astor would be the strongest possible coalition candidate. She is very popular, largely because of her philanthropy and unconvictionality."

"She is a great electioneer, her energy being astonishing."

"During a contest she turns up at all sorts of social gatherings, goes down into the back streets to sympathize or exchange handshakes with the women there and pulls up her carriage at an open air meeting of her opponents and makes a running commentary on the speakers' arguments."

"Lady Astor is not at all particular what she says. 'You willins, shut up' was her remark to some Socialists who were interrupting a meeting at the last election."

The new Viscountess Astor is famed as one of America's most beautiful women. She was Mrs. Nancy Langhorne Shaw, one of the famous Langhorne sisters, of Virginia.

URGES SPECIAL  
CONVENTION OF  
A. F. L. SOON

Illinois Labor Convention  
Sends Message To Gom-  
pers, Asking Him To Call  
Meeting.

Peoria, Ill., Oct. 23.—Following the withdrawal of the labor group from the industrial conference at Washington, the Illinois Federation of Labor in convention this morning authorized the sending of a message to Samuel Gompers, president of the American Federation of Labor, and to members of the executive council, urging the immediate issuance of a call for a special convention of the American Federation of Labor in Washington.

AMERICAN GENERAL  
ESCAPES KURD BANDITS

Constantinople, Thursday, Oct. 16.—Major General James G. Harbord, head of the American mission to Armenia, was congratulated upon his escape from capture by Kurdish bandits a few miles from Mount Ararat while the mission was returning to Erivan. Part of the mission was attacked and held prisoners for a few hours on September 20 by Kurds, Kurds and Turks, who fired upon the automobiles carrying the Americans, several of the mission narrowly escaping death.

The attack came while the caravan was proceeding through the valley of the Araxes, but fortunately General Harbord's car had reached the plain leading to Erivan before the attack was made.

After the bandit chiefs had assured themselves that their prisoners were really Americans they were released, their automobiles were restored, and most of their property which had been stolen was given back to them.

Mr. Shea told the board during its hearing of the firemen's demands, according to the testimony published today that to members of his brotherhood was due an increase in wages, which, he said, "I cannot get it out of the conference, it may be necessary to use other means, but I am going to get it."

In another portion of Mr. Shea's testimony, he is quoted as declaring that if the firemen's demands for a living wage should not be met when the time approaches for the turning back the railroads to their private ownership the workers shall demand as a condition precedent to the return the granting of those demands.

Although Mr. Shea appeared before the board only in behalf of the firemen, it is generally considered that to increase the wages of the firemen would necessitate a similar increase to all railroad workers and any action taken by the firemen to enforce their wage demands would involve similar action by the other brotherhoods.

MANSFIELD KNIGHTS  
TEMPLAR 50 YRS. OLD

Mansfield, Oct. 23.—With a spectacular street parade in which commanders from Norwalk, Akron, Canton, Wooster, Massillon, Alliance, Salem, Marion and Mt. Vernon participated, Mansfield commandery No. 21, Knights Templar, celebrated its fiftieth anniversary here today. More than 1500 uniformed Knights took part. Grand Commander Jacob Brownell, of Cincinnati, presided at the parade while other officers of the Grand Commandery of Ohio also occupied seats in the reviewing stand.

LONDONERS AGREE TO  
WEAR OUT OLD CLOTHES

London, Oct. 6.—(By Mail)—Fashionable London tailors are said to be somewhat perturbed over the reported popularity of a clothes conservation "movement" hailing from the United States which is being enthusiastically accepted by Englishmen wearing of long continued high clothing costs.

Over here, the "movement" has manifested itself in the organization of "old clothes league"—societies with the single pledge slogan—"no more new clothes until prices go down."

Those who assume this pledge are expected to regard patches on trousers, shiny coat sleeves and worn-up splinters in boots and shoes as badges of honor.

RAIL WORKERS TO ASK  
PAY INCREASE SOON

Washington, Oct. 23.—Indications that railroad employees will demand granting of their demands for increased wages, time and a half overtime, the eight-hour day and changes in working conditions before the railroads of the country are turned back by the government to private control, is contained in the testimony by Timothy Shea, chief of the firemen's brotherhood before the railroad administration's board of railway and working conditions.

Mr. Shea told the board during its hearing of the firemen's demands, according to the testimony published today that to members of his brotherhood was due an increase in wages, which, he said, "I cannot get it out of the conference, it may be necessary to use other means, but I am going to get it."

In another portion of Mr. Shea's testimony, he is quoted as declaring that if the firemen's demands for a living wage should not be met when the time approaches for the turning back the railroads to their private ownership the workers shall demand as a condition precedent to the return the granting of those demands.

Although Mr. Shea appeared before the board only in behalf of the firemen, it is generally considered that to increase the wages of the firemen would necessitate a similar increase to all railroad workers and any action taken by the firemen to enforce their wage demands would involve similar action by the other brotherhoods.

KING GETS HONORARY  
DEGREE FROM U-P.

Pittsburgh, Oct. 23.—Former residents of Belgium from all parts of western Pennsylvania, eastern Ohio and West Virginia joined the people of Pittsburgh today in honoring Albert, King of the Belgians, and Queen Elizabeth.

The royal party arrived from Cincinnati in a special train and were greeted at the station by Governor and Mrs. Sprout, Mayor and Mrs. Babcock and a committee of citizens. After the exchange of greetings they were taken to a hotel, and from there to the Soldiers Memorial where King Albert received a honorary degree from the University of Pittsburgh.

CHARGE GRAFT OF  
MILLIONS ON WAR  
JOB AT HAMMOND

Congressional Committee  
Finds Government Paid  
27 Millions For 8 Millions  
Worth of Munitions.

Chicago, Oct. 23.—Criminal prosecution of at least a dozen officers and civilians and institution of a civil suit for recovery of from \$12,000,000 to \$15,000,000 of which he said he figured the government had been mulched in connection with a \$40,000,000 munition contract involving the Standard Steel Car company of Hammond, Indiana, will be asked in its report to congress by a sub committee which has been conducting an investigation according to Chairman Graham in a statement made public today.

The big contract was for howitzer gun carriages at \$40,000 each, of which only 200 were finished, according to Congressman Graham's statement. "Allowing for the cost of preparation, the government still is mulched of between \$13,000,000 and \$15,000,000 as I figure it," he said.

"The sub-committee is satisfied that the government is the victim of a graft on this contract," he said in his statement. "Perusal of the testimony heard and the evidence submitted in private by the military intelligence department, shows there was a preconcerted scheme to put this graft across."

"Among facts brought out, was that the government spent \$27,127,168 on the contract and received \$8,000,000 worth of gun carriages, none of which was finished before the end of the war."

"The government was overcharged on sub-contracts and officials of the company, together with army officials, received automobiles and other valuable presents from the sub-contracting companies."

With Chairman Graham, Representative Albert W. Jeffers and Finis J. Garrett formed the sub-committee that conducted the investigation.

AFTER-WAR PROBLEMS  
DISCUSSED AT MEET

Atlantic City, N. J., Oct. 23.—International After-war problems were under discussion today at the second public session of the International Trade conference. Secretary of Commerce Redfield, speaking at the morning session, reviewed the situation for the United States while Eugene Schiefel, chairman of the French mission, summarized the industrial conditions of the conference.

Meanwhile the committee on resolutions, consisting of two delegates from each foreign nation and eight from the United States, met to formulate the program of business to be submitted Friday to the conference.

SUNDAY IS DAY TO  
TURN BACK CLOCKS

The clocks over the country are to be turned back to the old time next Sunday morning. If the railroads fall in line it will mean turning the clocks back two hours for they are operating through Newark on eastern time. The old time will remain in force after it goes into effect on Oct. 26, by a law passed recently by congress over the president's veto.

MINERS REJECT  
PLAN TO AVERT  
STRIKE ON NOV. 1

Will Not Consider Any Of-  
fer Failing to Grant  
Five Day Week.

DECLARES PROPOSAL MADE  
FAILS TO MEET SITUATION

Prepare to Leave For  
Homes To Get Ready  
For General Strike.

Washington, Oct. 23.—The United Mine Workers of America today formally rejected the proposal by Secretary Wilson for settlement of the coal strike called for November 1.

John L. Lewis, president of the miner's organization, announced that the proposal was indefinite, inadequate and failed to meet the situation. He added that he would so report to the joint conference this afternoon.

President Lewis reiterated that the union would not consider any settlement that would fail to grant the demand by miners for a five-day week. Leaders said they would attend the conference at 2 o'clock as they had been asked to do by Secretary Wilson, but that if no new offer of settlement was made they would start immediately for their homes and make ready for the strike called for November 1.

CITY SAVES MONEY ON  
COST OF PRISON FOOD

It cost \$247 less in 1919 to feed the city's prisoners for the months of June, July, August and September than it did for the same period in 1918, and \$340 less than the same period in 1917, according to figures given out by Manager Paul E. Kemper, manager of the Licking county day federation today. For the four months in 1917 the cost was \$866.66; for 1918, \$284.99 and this year, \$36.27, the statement showed. The figures, taken from the city's records were as follows:

For 1917—June, \$238.40; July, \$214.99; August, \$231.33; September, \$192.00. Total, \$866.66.

For 1918—June, \$70.53; July, \$27.33; August, \$67.46; September, \$118.67. Total, \$276.99.

For 1919—June, \$8.07; July, \$5.47; August, \$7.86; September, \$14.27. Total, \$36.27.

UNCLE SAM STOPS  
THIS "PATRIOT'S" GAME

New York, Oct. 23.—Activities of Arthur L. Luzzi, as president of the American Patriotic society, have been brought to a close upon the advice of Assistant Attorney P. Kilroe. The advice, Kilroe said, was given upon request of the United States department of justice.

The announced purpose of the society was to "crush Bolshevism and similar evils" by the instilling of patriotism in the hearts of ist immigrants, mountaineers, plainmen, citizens—and especially school children! In soliciting memberships for the organization, Luzzi had said he had shown letters of endorsement from many public men who had been made honorary members. Among these were Secretary of the Navy Daniels, Attorney General Fisher and United States Senator Wadsworth of New York.

SIGLER IS KILLED IN  
MARBLE CLIFF QUARRY

William F. Sigler, 33, formerly of Newark, was killed Wednesday morning at the Marble Cliff quarries near Columbus while at work. He was a member of Roland lodge, Knights of Pythias and of the Moose lodge at Columbus. He is survived by the following brothers and sisters: Herbert D. Sigler of Newark, Bernie D. Sigler of Akron, Mrs. Daisy A. Berger of St. Louisville, Mrs. Ora G. Ballas of Canton and Mrs. Mary Westenberg of Columbus.

Funeral services will be held at the rooms of the Citizens' Undertaking company, Friday afternoon at 2 o'clock. Burial in Cedar Hill cemetery.

DEALERS AGREE TO 10  
CENT PRICE ON SUGAR

Washington, Oct. 23.—Concurrence of producers representing 90 per cent of the beet sugar output in this country has been received by Attorney General Palmer in reply to his suggestion that 10 cents a pound to wholesalers was a fair price for the new crop.

This is an increase of one cent over the old price. The price question thus settled, officials expect that great quantities of sugar withheld from the markets until the situation became stabilized now will be released to relieve the shortage.

SUNDAY IS DAY TO  
TURN BACK CLOCKS

The clocks over the country are to be turned back to the old time next Sunday morning. If the railroads fall in line it will mean turning the clocks back two hours for they are operating through Newark on eastern time

Oregon Woman Acknowledges Her  
Indebtedness to Dr. Williams'  
Pink Pills for Her Health

"When a woman has been anemic a large part of her life and has finally found a remedy that restores her strength and happiness, I think it her duty to tell others what has helped her," says Mrs. Clara Winters, of R. D. 2, Box 442, Milwaukie, Oregon. "I suffered from anemia as long as I can remember," she says, "and some time ago I began to feel run down. I lost ambition for my work and was tired all the time. For days in succession I wouldn't care about eating and when I ate a good meal my stomach was upset and I suffered from headaches and was very nervous and easily upset."

"My mother read about Dr. Williams' Pink Pills in a newspaper, and she insisted that I try them. I procured a box and a few days after starting the treatment my appetite improved and then gradually I regained my strength. My color is much better now and I am ambitious and active. I owe my health to Dr. Williams' Pink Pills and have told many of my friends about the remedy."

Your druggist sells Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50 by the Dr. Williams' Medicine Co., Schenectady, N. Y. Write today for the free booklet "What to Eat and How to Eat."

Dandruff Soon  
Ruins The Hair

Girls—if you want plenty of thick, beautiful, glossy hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

## BETTER THAN CALOMEL

Thousands Have Discovered  
Dr. Edwards' Olive Tablets  
Are a Harmless Substitute

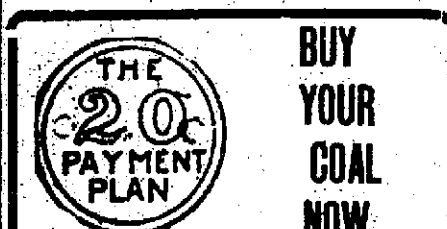

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

BLISS NATIVE  
HERB TABLETS  
FOR RHEUMATISM

This painful malady is the direct result of a poisonous condition of the blood. It is caused by a disregard of that condition known as constipation. Unless the alimentary tract is kept clean, sweet and wholesome the food ferments, decays and causes ill health. Bliss Native Herb Tablets are nature's remedy for relieving the system of blood impurities, by maintaining a healthy condition of the liver, kidneys and bowels. A dollar box contains 200 tablets, and will last the average family six months. Be sure and get the genuine and avoid spurious imitations. Look for the money back guarantee on every box, and our trade mark. Put up in two sizes, 50c and \$1.00.

Sold by leading druggists and local agents everywhere. Made by Alonzo O. Bliss Co., Washington, D. C.

AGREE ON INCREASE  
FOR P. O. EMPLOYES

Washington, Oct. 23.—An agreement on increased pay for postal employees reached yesterday by the senate and conferees, a graduated scale ranging from \$100 to \$200 annually for general employees, with smaller raises for the rural mail service being approved.

The increase would be retroactive from July 1 and the estimated cost to the government would be between \$38,000,000 and \$40,000,000.

Those to receive general increases include assistant postmasters, clerks and carriers at first and second-class postoffices, railway mail clerks, inspectors, mechanics, laborers, watchmen and third class postmasters. The \$200 increase would go to those now receiving \$100 and \$150; \$150 to those between \$120 and \$160; \$125 to those between \$160 and \$200 and \$100 to those receiving \$200 and \$250.

Carriers in village delivery service would receive an advance of 20 per cent and rural carriers would get increases of from \$37.50 to \$200, according to length of routes and frequency of trips.

Substitute clerks and carriers would be given 60 cents an hour.

## ANOTHER RIOT FOLLOWS

## PRESENTATION OF OPERA

New York, Oct. 23.—Argument on the legal merits of staging opera in German in this city was proceeding which has resulted in two riots in as many performances—came up today in supreme court.

The Star Opera company, incorporated with its company of performers, two German masterpieces at the Lexington theatre under police protection, was prepared to ask that a temporary injunction restraining city authorities from interfering with the opera be made permanent.

The temporary injunction granted yesterday by Supreme Court Justice Blum, backed by heavy police protection, afforded the opera an opportunity to continue last night. More than 200 mounted police and patrolmen were required to keep a crowd of former service men and other civilians in check outside the theatre.

The performance of "Czar and Carpenter" was enlivened at the end of the first act when a man in one of the boxes threw five eggs at the singers on the stage.

The rioting outside the theatre was more fierce than that which greeted the first performance Monday night. The police used clubs freely. A man in a uniform was taken to a hospital in a serious condition and a soldier suffered a broken hip. Others were cut and bruised when mounted police charged through the crowd to prevent it from approaching the theatre.

Another performance was promised for tonight.

## LEADER OF REVOLT IN

## ALSACE GETS HUN COIN

Strasbourg, Wednesday, Oct. 22.—The conspiracy for a revolt in Alsace-Lorraine, having for its object the establishment of an autonomous republic here is assuming greater proportions than at first anticipated. Koessler, the man alleged to be the chief conspirator, and who has been placed under arrest, has according to military authorities made a confession, admitting that he had received 500,000 francs from Germany since last May. The funds were sent to him from Baden it is said.

Acting as intermediary between the Berlin foreign office and the conspirators here, according to Koessler's revelations to the police, was Herr von Gruenelius, a relative of former imperial chancellor, Theobald von Bethmann-Hollweg.

According to the military authorities Koessler had admitted having introduced Herr von Gruenelius to Deputy Jean Longuet last summer while the latter was spending a few weeks' vacation near Strasbourg. He said the two had a long conference.

TELLS DYSPEPTICS  
WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bisurated Magnesia at their meals.

There is probably no better, safer or more reliable stomach antacid than Bisurated Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a detergent. But a teaspoonful of the powder or a couple of five-grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. The whole cause of the trouble and the meal digests naturally and healthfully without need of pills or artificial digestants.

Get a few ounces of Bisurated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the bisurated form is not a laxative. Try this plan and eat what you want at your next meal and if this isn't the best advice you ever had on "what to eat."

## GRAND.

Saturday there will be seen for the first time in a long while Billy Duncan and his able partner Edith Johnson, in a brand new picture "Smashing Barriers." This picture will be shown together with a Big V and Harold Lloyd comedy. Sunday and Monday will be shown a picture in which the greatest of all western stars Tom Mix will be seen in "Days of Daring" together with The Great Gamble featuring Anne Luther and Charles Hutchinson and last but not least Fatty Arbuckle.

Sessue Hayakawa. An automobile horn that plays a Japanese musical motif, or theme, has been recently sprung on the Pacific Coast motion picture colony by Sessue Hayakawa, the Japanese star whose productions are distributed through Exhibitors Mutual.

The weird strains of this theme intoned by the siren-horn on Hayakawa's big touring-car, can be heard for miles in the open.

"I am very fond of my native music," said Hayakawa when seen during the production of "The Man Beneath," his most recent production, "and sometimes get homesick for the songs of my childhood."

## GUY W. LAWYER.

The above is a splendid likeness of Guy W. Lawyer, Democratic candidate for city treasurer, who is making a clean and manly fight for that position. He makes friends with everybody and his acquaintances are predicting his election by a large majority. He is a district agent for the Midland Life Insurance company and has offices in the Trust Building.

An exchange makes fun of other newspapers for speaking of a "musical concert." Considering the unsmiling countenance that the reporter is sometimes asked to attend, the qualifying adjective seems far from superfluous.

However, you can't blame public men much for extravagance, when after being elected on an economy platform they are beaten if they apply it to their own constituencies.

The profiteers say it is right for them to take anything they can get. They might reflect upon the present state of the Germans, who said that same thing a few years ago.

Up to date no automobile has succeeded in butting a railroad train off its track, but many motorists are satisfied that the thing can be done and propose to keep on trying.

The expense of riot insurance will have to be added to the cost of living now, and the rioters and looters will pay their full share of it.

The public is the final umpire in labor troubles, and it is getting about ready to call three strikes on the strikers.

The minister doesn't ask any larger marriage fee nowadays, but it costs twice as much to get divorced.

goods and grocery business established by his father 28 years ago. The Spees Brothers have conducted the place for the last five years.

The Sixth Ward some years ago was represented by the elder Spees in the city council and made a most excellent record and his son has been urged to become a candidate in order that he might assist in securing necessary public improvements for that end of the city.

Mr. Spees is eminently fitted to represent the city in legislative matters. He is progressive, thoroughly alive to the needs of the North end and would prove a most valuable man for the taxpayers to represent them in the councilmanic body.

## MAYOR ATHERTON.

That the readers may be fully informed regarding the controversy over Mayor Atherton's collection of fines, we publish the full text of the editorial that appeared in yesterday's American Tribune. Here it is:

"Mayor Atherton in his statement says there were over 190 arrests during May of this year and \$591.60 in fines and costs collected by Mayor Atherton in that month." Thanks for the information, Mr. Atherton! The records of the city shows that he turned in to the City Treasury the sum of \$6.00 collected for the month of May 1919. He says that he has collected \$591.60 and by inference attempted to convey the impression that he has a receipt of the City authorities therefor. He has not and we challenge him to produce the receipt signed by the City authorities for any such sum. May it not be appropriately asked why with over 190 arrests, only \$6.00 was turned into the City treasury for fines? And may it not be appropriately asked further if he collected \$591.60 where is it?"

Mayor Atherton has in his possession receipts from the proper authorities for the full amount that he claims, \$591.60. We know this to be true because we saw these receipts this morning.

The American Tribune and the whole Republican committee are cordially invited to visit the mayor's office to inspect these receipts and the mayor's official record. There is nothing under cover.

Is that a sufficient answer to the Tribune's insinuation?

Mayor Atherton has "made good." His conduct in office has been the subject of much favorable comment. The record of the office is open for inspection of all who are interested. Mayor Atherton's administration has been efficient and he deserves the re-election which will come to him on November 4th.

**Did You Know**  
That Sunday schools were founded about the close of the year 1781 by Robert Halkes, a printer in Gloucester, England? In 1786, Bishop Asbury established the first Sunday school on Ralikes' plan in the United States. Five years later the first Sunday School Society was organized in Philadelphia under the presidency of Bishop White. In 1797 Samuel Slater formed a Sunday school for his operatives at Pawtucket, R. I., and a poor colored woman, Katy Ferguson, who had never heard of Ralikes or of Sunday schools, established such a school in 1793 for the benefit of the street children in the humbler quarter in which she lived. Between 1801 and 1804 Mrs. Isaac H. Crosby and Mrs. Joanna Bethune, who had become acquainted with the English schools while traveling abroad, set up three Sunday schools in New York at their own expense. From that time they gradually increased throughout the country, though none of them was connected with any church until 1809, in Pittsburgh, Pennsylvania.

## Beauty Answers

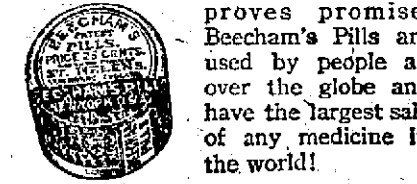

By MADAME MAREE

**DIMPLES C.**—Your  
complexion is not  
merely in the very  
outer skin. It is deep  
than that. It is in  
that part of the skin  
immediately under-  
neath the outer layer.  
Complexion creams  
which merely affect  
the outer layer are as a rule very in-  
effective. A method gaining wide use  
because of its tremendous success lies  
in the use of salicine, a powder which  
is simply mixed at home with a little  
glycerine and dissolved in water. This  
makes an exquisite cream. The salicine  
can be secured at any drug store in  
one-ounce packages for 50 cents. This  
is also a very economical method.  
By liberal use of this article, a tre-  
mendous difference in the complexion  
is noted in a few days by the disap-  
pearance of mottledness, sallowness, red  
spots, freckles and other blemishes.

**MRS. G. F. O. C.**—Yes, you can  
easily remove blackheads in a few  
moments, even while you are engaged  
in your toilet. And to think you have  
been years trying to get rid of these  
embarrassing blemishes! On a hot  
wet cloth sprinkle some powdered ne-  
oxin, which you can get at the drug  
store for 50 cents, and rub this over  
the affected skin. You will find the  
blackheads will be entirely gone in a  
few moments. Continue this method  
every few days.

**MRS. C. A.**—By all means you  
should not use mechanical instruments  
for bust development. Use a safe  
formula, by mixing two ounces of ru-  
stone, half a cup of sugar and a half  
pint of water. Two tablespoonsful of  
this after each meal, and one at bed-  
time, will in most instances do won-  
derful work. Of course, no one can  
promise sure results in any one case,  
but this formula should do the work.

## YEP! NAVY DOES ADVANCE 'EM

Rookie Can't Become An  
Admiral In Few Months,  
But He Can Win Straps  
By Hard Work.

Naval training develops quick  
thinking and self-reliance, its publicity  
agents claim. If you doubt it, just  
ask Harold Wilkin, recruiting officer  
in charge of the Newark navy recruit-  
ing station at 4 West Main street.  
Some question about the service and  
see how quickly he gives a definite  
answer and documentary proof to back  
it up. An Advocate man tried it and  
became convinced.

"Does an enlisted man really have  
any chance to become a commissioned  
officer in the navy?" Wilkin was  
asked. And the reporter thought that  
would stump him. But nothing like it.  
"You bet he does," was Wilkin's re-  
ply without the quiver of an eyelash.  
And he proceeded to produce the docu-  
ments to prove it.

"Take the case of Fred Jordan for  
instance. He lived in a small town in  
Iowa. He wanted to see the world  
and also see if the navy offered any  
opportunity for advancement.

"He enlisted in the navy and after  
training at the Great Lakes station,  
was assigned to the battleship Kansas  
in March, 1912. After five years' ser-  
vice, he was a commissioned officer  
on the same ship.

"Besides that he has won the heavy-  
weight boxing championship of the  
navy, was a member of the racing crew  
of the Kansas, played on the ship's  
football team and has seen 'all of the  
world he could ask to see,' to use his  
own words.

"His experience is no different from  
that of any ambitious young American  
with determination to forge ahead. His  
record shows that while there is lots  
of work in the navy, there is also a  
mighty good time in store for the re-  
doubled youngster. If you don't believe  
it, read his own letter."

And Wilkin flashed the document  
which was a thousand word story of  
Jordan's five years in the navy, during  
which time he climbed the navy ladder  
from cook to shoulder straps, without  
pull or influence, merely because he  
had ambition to forge ahead.

Wilkin isn't an admiral yet. But  
after his bit in the navy industry, he  
will be able to pass an examination to  
operate any kind of a steam engine  
that has been constructed and he  
learned it all in the navy while draw-  
ing pay and rations from Uncle Sam.  
Wilkin started his life on the ocean  
at the tender age of seven years  
when he became a cabin boy on a  
coast vessel on the Chesapeake bay.  
After seven years or more of being  
buffeted about by the heavy-fisted salt  
water seamen, he forsook the merchant  
vessels for the navy. He hasn't got  
his shoulder straps yet, but his ad-  
vancement has not been slow. He de-  
clares that the navy offers better pay  
and better opportunity for advance-  
ment and for the learning of a trade  
than any other branch of Uncle Sam's  
fighting forces.

## JOURNALIST FRESH FROM PEACE PARLEY SPEAKS HERE

Mark Sullivan, former editor of Col-  
lier's weekly, is to speak at the high  
school auditorium Friday evening.  
This is the first number on the high  
school lecture course. Inasmuch as  
the entire house has been sold to sea-  
son ticket holders arrangements have  
been made to seat some 40 people on  
the stage. These seats may be ob-  
tained by calling the high school. The  
charge for stage seats will be 50  
cents.

For the past several months Mark  
Sullivan has been reporting the Peace  
Conference and has interpreted it to  
the American people through Collier's.  
He was one of the 13 Americans chosen  
during the summer of 1918 to go to  
England and report on the progress  
view of the allied war machine. They  
were entertained by the king and  
queen of England, President Poincare  
of France, Lloyd George, and Viscount  
Northcliffe.

## TOUCH OF CLOTHES GAVE DAYTON MAN SEVERE SUFFERING

Operation for gall-stones  
and appendicitis left him  
in bad condition. Bowels  
were sore; stomach swol-  
len; very nervous.

Declares that Dreco, has  
brought much relief by  
overcoming his troubles.

"A year ago I was operated on for  
appendicitis and gall-stones and have  
suffered greatly ever since," states  
Mr. John E. Pay of 51 Campbell St.,  
Dayton, O., the popular lumber buyer  
for the International Goff Shirt Co.  
"It was a rare exception for me to  
get any sleep, for the pains kept me  
awake night after night. My stomach  
was so sore and swollen I could hardly  
bear for my clothes to touch me; at  
times I was so constipated that it  
seemed my bowels were locked. I was  
almost unfit for my work.  
"Someone recommended Dreco to  
me, saying it had helped them, so I  
took a chance on a bottle. I now feel  
that fate guided me to buy Dreco, for  
I'm almost a well man today. All the  
soreness and pains in my stomach and  
bowels are gone; bowels are acting  
regularly; my appetite has returned,  
for I eat three meals a day and enjoy  
them. I rise of mornings feeling full  
of energy and ambitious to get to work.  
I'm going out on a trip today, and it  
is the first time I've felt keen to go  
in a long time. This is grand medi-  
cine and has made a new man out of  
me."

Dreco acts on the vital organs  
promptly and in a pleasing fashion. It  
eases the stomach and assists it to  
digest the food properly; gives strength  
to the kidneys; works the bile from  
the liver; overcomes constipation; ban-  
ishes rheumatism and tones up the en-  
tire system.  
All good druggists now sell Dreco,

## A SHAMPOO WORTH TRYING

It is not necessary to shampoo your  
hair so frequently if it is entirely and  
properly cleansed each time by the use  
of a really good shampoo. The easiest  
to use and quickest drying shampoo  
that we can recommend to our readers  
is one that brings out all the natural  
beauty of the hair and may be enjoyed  
at very little expense, by dissolving a  
teaspoonful of canthrox, which can be  
obtained from any druggist's, in a cup  
of hot water. This makes a full cup  
of shampoo liquid, enough to use it is  
easy to apply it to all the hair instead  
of just to the top of the head. This,  
when rubbed into the scalp and onto  
every strand of hair, chemically dis-  
solves all impurities. It is very  
soothing and cooling in its action, as  
well as beneficial to both scalp and  
hair. After rinsing out the lather so  
created, you will find the scalp is fresh,  
clean and free from dandruff, while the  
hair dries quickly and evenly, develop-  
ing a bright luster and a soft fluffi-  
ness that makes it seem very heavy.

## WHICH SHALL IT BE?

Shall we have a small regular army and trust to luck that if we ever get into a war somebody will hold the enemy for a year or so while we frantically squander fifteen or twenty billion dollars getting ready?

Or shall we have a huge standing army that will cost a mint of money every year and result in the development of a militaristic class and spirit in the country?

Or shall we adopt a system of universal military training which not only will insure our national security but will be of untold benefit to the health, discipline, and patriotic spirit of every young man, rich or poor, in the country?

## KIRKERSVILLE SOLDIERS ORGANIZE LEGION POST

Fifteen soldiers of Kirkersville and vicinity applied Monday night for a charter in the American Legion, the Kirkersville post to be known as Harrison Post. The application was made following a meeting of the ex-service men presided over by Dr. Charles N. Wells as temporary chairman and

Russell W. Taggart as temporary secretary.

The charter is expected within the next 10 days and as soon as it arrives a mass meeting of all ex-service men in the vicinity will be called to organize the post, adopt the constitution and bylaws and elect officers. Those promoting the organization have sent out an urgent appeal to soldiers, sailors and marines, to attend the meeting and have an active part in its organization. They have been asked to send in their names before November 11 to the chairman or secretary.

These ex-service men were present at

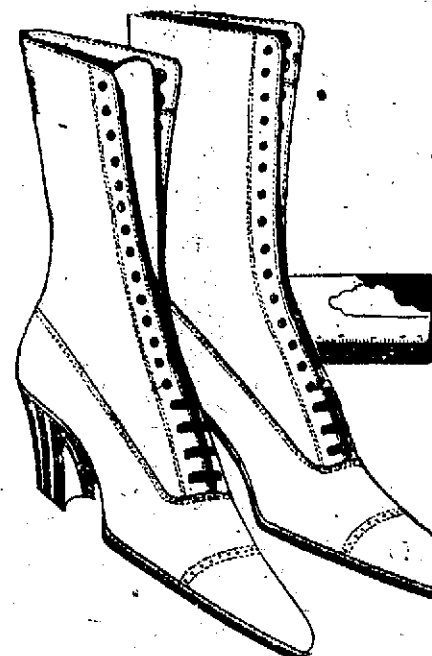

Monday's meeting: Howard Ely, Roe Spurgeon, George Ruckman, Byron Roler, Ernest Roler, Clarence Sewell, Albert Holington, Russell Taggart, Paul Jacobs, Charles N. Wells, Frank Carrico, Frank Roler, Edward H. Zellers, Clarence Simmons and Herbert D. Emewiler.

## General Cord Tires Stand The Gaff!

FOUR HUNDRED AND TWENTY-SEVEN YEARS TO THE DAY, AFTER COLUMBUS DISCOVERED AMERICA, OMAR TOFT, THE DAREDEVIL AUTOMOBILE RACE DRIVER DISCOVERED AN AUTOMOBILE TIRE WHICH ELIMINATED MANY OF THE DANGERS OF AUTOMOBILE RACING, AS THE FOLLOWING TELEGRAM RECEIVED BY CAMPBELL & CO. GENERAL TIRE DISTRIBUTORS OF PITTSBURGH RELATES:

Cincinnati, Oct. 12.

J. Campbell, 3721 Bigelow Blvd., Pittsburgh, Pa.

Finished 250-mile race today without a tire changed. This makes three consecutive races on the same set of Generals you furnished for Uniontown Labor Day race. Omar Toft.

Campbell & Co. wanted to subject General Cord Tires, which had made an enviable reputation for mileage, not only on Pittsburgh streets but all over the world, to the steady grind of a race track, so Toft, despite the insinuations of several race drivers at Uniontown, equipped his car with two 35x5 General regular stock Cord tires on the rear and two 32x4 1/2 on the front. Toft was standing fourth in the race when his car broke down at the one hundredth lap. To the amazement of tire experts the General Cord Tires used showed practically no signs of wear.

On the following Saturday Toft used the same 4 General Cords on the one-half mile dirt track at Uniontown, Pa., in a special match race with Gaston Chevrolet, with no further signs of wear, and Toft's feat of driving 250 miles on the Cincinnati track without a tire change was ample proof of the sustaining quality which is built into the General tires. This feat affords food for thought for those who want fewer tires but better tires on their cars.

## A Simple Form of Addition; The Sun Opens the Door of Health

Tuberculosis cannot stand fresh air and sunshine. So these three children, who have been sent to a sanatorium in the woods where the cold winds blow and snow is deep, have found the way to beat it. They are opening the door for themselves, because they will become healthy and will grow up into strong men and women. The hardest fight against tuberculosis is waged among children. The scourge fastens itself to them frequently, and often remains until they have become adults. It kills 12,000 children annually, but many more grow to the age when they are most productive in the country, between 25 and 45 years of age. Then tuberculosis seizes them, and kills one in every four who die. It is for this reason, among many others, that the annual sale of Red Cross Seals is held every December under the direction of the National Tuberculosis Association, and 1,000 local and state organizations affiliated with it.

## ASKS ONE LARGE FACTORY A YEAR

C. of C. Member Says Small One Don't Make Enough Smoke—Calls 'Em Monuments of Industry.

The answers to the Chamber of Commerce questionnaire continue to be varied in their suggestions, and one answer says "One large factory a year. No more two by four. They don't make enough smoke." Factory stacks are monuments of progressive industry. Let us to the top for a sure enough Newark.

"What can the Chamber of Commerce do to promote your individual interest?" brought forth the following answers:

"Repair Church street between Third and Fourth streets; work for better roads in the country; individual interest—second—community first. Serve the community first. We are part of it; get more houses for people to live in; prosecute the usual program of a Chamber of Commerce. Anything and everything for the good of Newark; be certain that all the activities of the Chamber of Commerce reach the public; providing it is expedient; by being friendly and sociable and help boost a business that is worthy of it; insist upon the enforcement of state laws on vehicle lights, both auto and horse drawn. It is our opinion that individual interest can, in no manner and in no sense, be promoted without extending or effecting, favorably or unfavorably, the interests of the whole community. For a moment, attempts to promote individual interests in the start, will only find itself unpunished and in a sinking condition. Where real genuine character and service is to be obtained, individual interests are unthought of. I am quite certain that the present officers and board of directors of the Chamber of Commerce realize this fully and as a member of the Chamber I desire to stand squarely upon the platform or basis, that, in Newark, and in the thinking minds of its community, there can be no 'INDIVIDUAL INTERESTS.' In response to the query 'What, in your opinion as a citizen, is the thing of first importance for the Chamber of Commerce to do for Newark and Licking county?' The members have the following to say:

Increase your membership. Convert the knockers by aid of your boosters. Improve, tear down and build up new, all old and unsightly structures within two city blocks of the court house or allow such property to be sold at a reasonable price to those who are willing to improve such property. Improve the streets and beautify the districts within two squares of the court house.

Good roads leading into the city and downtown streets repaired.

Show the people that you intend to do something worth while.

Better paid school teachers. Extension sewerage system. Betterment of water supply. Establishment of kindergartens.

Get more houses for people to live in. Not of first importance, but of great importance; to back movement for improvement of water supply and for sewerage of the entire city.

Secure new industries. Advertise Newark and each of its industries collectively throughout the entire world. Large home-builders, then secure land west of the city for factories. But have the homes ready when workmen come.

By making it a cleaner and better place to live. Boost all live wire institutions and drop dead ones.

Secure new industries and aid in the upbuilding of those we already have.

In our judgement, the proper answer to this question should be the energetic and constructive attention and effort to the creation of an industrial fund. This fund, to be effective, should be written in a sufficient number of figures to adequately provide the chamber with sufficient working capital to, safely, assist ne windustries of merit, whether private or public, to be maintained by our large and

vast community resources. Every citizen with sufficient means and every organization sufficiently large, to allow its conscience to work away from the INDIVIDUAL idea, should be educated to participate. It makes no difference whether it be an individual, family or business, the effect is the same, when it does have a sufficient working capital to finance its needs. Ever since I have been a member of the Chamber of Commerce, which has been in the neighborhood of thirteen years, this condition; lack of working capital, has prevailed.

## SAYS THERE'S NOTHING LIKE HOWARD'S BUTTERMILK CREAM FOR BEAUTIFYING THE COMPLEXION

This Good Looking Young Woman Advises Old Time Recipe of Buttermilk Cream in a New Way—A Gentle Massage with Fingers Before Retiring All that is Necessary.

The old-time application of Buttermilk and Cream to whiten and preserve the skin and remove harsh little wrinkles and ugly sallowness is grand-mother's recipe and women throughout the country are again using it to ensure a beautiful complexion and snow-white hands and arms.

Buttermilk, however, is not always obtainable, but a specialist has at last perfected a method of concentrating buttermilk and combining it with a perfect cream, which you can buy in small quantities ready to use at any first class drug store by simply asking for "Howard's" Buttermilk Cream.

No matter whether you are troubled with wrinkles, hard little lines around the mouth and eyes, coarse, sallow, faded looking skin, or simply roughness and redness caused by wind and sun, you find that all these trials quickly disappear with the use of this old-fashioned beauty recipe brought up to date.

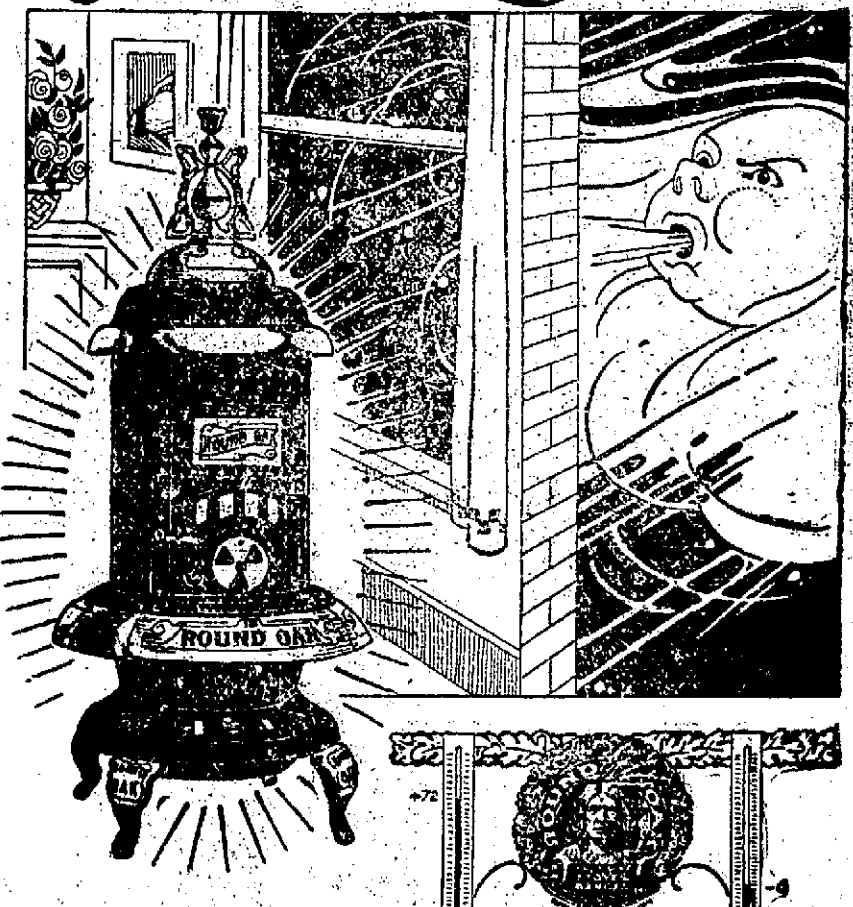

Beautiful actresses say, "A short mas-

## SPEAKER KIMBALL AND LEADER HOPPLE ENDORSE CLASSIFICATION

The following arguments in behalf of the pending Classification Amendment were prepared by Mr. Carl R. Kimball, speaker of the Ohio house of representatives, and Mr. E. J. Hopple, minority leader of the Ohio house of representatives.

Two years ago Mr. Hopple was speaker of the house, the general assembly at that time being Democratic. The present assembly is Republican.

These facts are relevant only in the sense that they establish beyond question that politics is not involved in the subject of classification of property for taxation.

HON. CARL R. KIMBALL.

(By Hon. Carl R. Kimball.)

The general assembly can not enact laws that will be just to taxpayers and at the same time produce the revenues which must be raised, unless the people vote for the pending constitutional amendment providing for the classification of property for taxation.

Should the classification amendment be defeated the general assembly must either shrink its obligations or enact laws that will bear down most harshly and most unjustly on the people who are now carrying the greater part of the tax burden. Only by the enactment of laws that will bring out for taxation the billions of money now concealed in investments or on deposit can there be any hope of ever relieving or keeping down the present tax burden on land and buildings and other forms of tangible property. It is idle to talk of collecting a tax of 1 1/2 per cent on money earning 3 per cent. It is true the general assembly can give to taxing authorities the power to go into banks and building and loan associations for the purpose of taking off the names of the depositors and the amounts of deposits. For the taxing authorities to do this would be calamitous. Can anyone believe that the owners of money on deposit earning 3 per cent would submit to a tax assessment of 1 1/2 per cent when they can transfer their money to banks in bordering states levying a tax of only one-tenth of 1 per cent? The general assembly can enact a law, or laws, disclosing the billions invested in securities, but again can anyone believe the owners of these securities, earning 4 to 6 per cent, would continue to keep them in Ohio and submit to a tax assessment of 1 1/2 per cent when they can deposit them in bordering states and pay a tax of one-tenth to four-tenths of 1 per cent? Only by classifying property according to its uses and assessing it for taxation according to its uses and its earning value can these billions of intangibles be brought to the tax duplicate.

If the people of Ohio adopt classification at the election in November the general assembly will be free to enact laws that will bring these billions to the tax duplicate and keep them there; laws that will give to these classes of property as square a deal as they can get in any other state; laws that will result in a vast increase in the tax revenues, taking care of not only present deficits but of the increasing cost of government, state and local; laws that will make it possible to ultimately reduce the tax now assessed on land and buildings and other forms of tangible property.

No taxpayer in Ohio should hesitate to vote for the classification amendment, for by its adoption he can not be injured, but on the contrary, will be benefited. When I say that no taxpayer can possibly be injured I have in mind the guarantee of protection given him by the Smith tax limitation act. Classification in no degree would impair the force and effect of the Smith act. The general assembly could not levy a rate of taxation on any class of property in excess of the limitations provided in this act.

Classification will preserve rather than destroy the Smith act, which is sorely threatened under our present system of taxation. Owners of farms and homes and other tangible properties may well look to the adoption of the classification amendment for their protection. In my judgment, a system of taxation authorized by the adoption of the classification amendment will produce sufficient revenues and promote justice in taxation.

HON. E. J. HOPPLE.

(By Hon. E. J. Hopple.)

A crisis has been reached in the tax revenues of the state of Ohio. The increased cost of administering government, whether it be state or local, and the loss of some millions of revenue occasioned by a recent amendment to the constitution have thrust upon the law-making body of the state a duty complicated and more or less stupendous. Only by legislation can this crisis be met, and the question that confronts us now is, are we going to give to the general assembly power to legislate?

Under the present constitution it is possible to enact an income tax and from the revenue thus derived meet, in part, the needs. While there is some dispute as to the power of the general assembly in the matter of enacting a graded automobile license tax it may be that such an act would be sustained and would also contribute to the increased revenues required. No one, however, is optimistic enough to claim that these two measures would prove adequate, and no one has the temerity to assert that they would in any degree relieve the burden of taxation now borne by land and home owners. From these two classes of property we now derive about 80 per cent of our tax revenues and justice requires legislation that will bring sufficient revenues from new sources to enable us to reduce the load now carried by the land and home owner. How can this be done?

I have been a member of four general assemblies and in each of these the subject of taxation was uppermost. Out of such knowledge as experience and thought may have given to me comes my conviction that by the adoption of the pending classification amendment and in no other way, can relief be afforded.

In the state of Ohio today there are fifteen billions of intangibles escaping taxation. They escape because their owners will not submit to the rate of taxation which the uniform rule requires shall be assessed against them.

In states where classification is in effect the rate on intangibles is measured by their ability to earn, and we do not have to make any guesses as to whether classification in its relation to intangibles is a success.

In 1910 Minnesota, under the uniform rule, was assessing intangibles at a rate of 28 mills, and the revenue yielded amounted only to \$379,754. The following year, under classification, this rate was reduced to 3 mills, with a resultant increase in the revenues to the point where in 1913 the 3 mill rate was producing \$900,900.65 revenues.

In Connecticut, classification increased the tax revenues from intangibles from \$129,452.06 to \$548,660.73 in 1913.

In 1913, according to the North Dakota tax commission, the valuation of intangibles returned for taxation in that state amounted to only \$780,344. Under classification this had increased to more than \$100,000,000 in 1913.

A more recent report from the Kentucky tax commission shows that in the two years of operation under classification in that state the revenue derived from intangibles has increased \$1,074,534.48. From bank deposits alone the increased revenues amounted to 140.21 per cent, and from other classes of intangibles the revenue has increased 173.28 per cent. The state tax rate in Kentucky has been reduced on land from 55 cents per \$100 valuation to 40 cents per \$100 valuation, and the proportion of revenue derived from land has decreased from 77 per cent to 57 per cent of the total tax revenues.

What has happened in other states under classification will happen in Ohio if classification is adopted.

Should classification be defeated it is not clear to me how we can escape either repealing or modifying the limitations fixed in the Smith act. Government must go on and government must have money to enable it to go on.

## FEDERAL DOUBLE CABLE BASE TIRES

### No Rim-Wear Longer Road-Wear

Federal Tires wear longer and give better service because they can not "wear themselves out" on their rims. Our exclusive improvement, The Double-Cable-Base prevents unnecessary wear and saves all of the tire (and all of your tire money) for actual service on the roads.

Buy Federal Tires and avoid the waste that comes from rim-wear which prematurely ends a tire's usefulness.

The Double-Cable-Base construction holds the tire firmly on the rim; keeps it from shifting, rocking, blowing off and keeps the toe bead from pinching the tube and prevents rim cuts or blow-outs just above the rim.

### Milady's Boudoir

#### Eyes and Beauty.

Eyes and Beauty are affinities, since the eyes are so delicately constructed that eye strain in any form is simply fatal to eye beauty. Yet every day we see women subjecting their eyes to all sorts of eye strain.

They will read newspapers and books in quick moving trains and trolley cars and then, for hours, working upon some fine needle work in the poorest of light. They will walk in brilliant sunshine with an unturned hat, no parasol and no shade whatever for their eyes. Then they wonder why their eyes feel tired and show signs of weakness.

Never in a train always saw in a good light. Do not do fine embroidery in the evening see that the light is behind you and is reflecting directly on the pages as you read. If your eyes are inclined to be weak, immerse in an eye cup and give your eyes a bath before retiring. Fill the cup with warm water, to which a pinch of boric acid has been added, or you can use a solution of boric acid, which is sold at all drug stores.

Hold the cup close against the eye, tilt the head backward and forward, opening and closing the eyelid in the water. Very often the eyes become inflamed and you will find that by applying warm tea leaves in the form of a light bandage, will bring immediate relief.

Bathing the eyes is also very soothing. If the eyelids are red bathe them with warm water to which half a teaspoon of salt has been added. The delicate tissues about the eyes are apt to be lined with tiny wrinkles if there is any trouble with the eyes, or even a slight eye strain will cause these wrinkles. These are apt to detract a great deal from the beauty of the eyes.

Keep the skin firm and healthy by means of massage. This must be done with a gentle, light movement. If you have the habit of nearly closing your eyes when you laugh, break yourself of it as soon as you can, for many of

the wrinkles of the eyes and face are caused in this way.

#### Slap to be Beautiful.

Of course slapping is a sort of massage, but as it is applied with the flat of the hand, there is no pushing, pulling or dragging of the skin, which is likely to occur with the ordinary massage. Beauty specialists claim that the skin and flesh respond more quickly to this kind of exercise and that almost any part of the body can be filled out in much less time than with the ordinary massage.

It certainly makes the blood, which is dormant and sluggish, come to life. The regular pit, pat, sends it tingling through the veins until it seems that the whole skin is a glow with fresh, warm blood. This is the proper method for a woman to slap her own face.

First cleanse the face well. Then warm the skin, either by holding hot cloths near it or steaming it. Now you are ready to pat in some of your cream. Allow all that will to absorb and then, with the flat of the hand, slap firmly the corners of the eyes and temples. The work of slapping should be done with both hands, using one and then the other.

Next slap the cheeks from the side of the nose, working out over the jaw bone and on the neck. If the lines, which run from the nostrils to the corners of the mouth, are deep, then push the tongue beneath the line and slap well. When working about the eyes do so very gently. Use only the cushions of the second finger tips. Remember always that the eyes are sensitive to any hard or vigorous application.

The forehead may be slapped vigorously with the palms and two fingers will suffice to slap the nose on each side. Now your face will feel as though the blood was tingling through every nerve and tissue and the glow will keep up for quite a few minutes. The cold cream should now be removed with a soft cloth and the face dusted lightly with powder. If this exercise has been done in the morning, if done at night a skin food should be used and allowed to remain on.

### Our Boys and Girls

Wax paper, paper napkins, paper plates and paper drinking cups are handy additions to the school luncheon box and may be thrown away after use. Also, if the child is given a package of paper towels she may wash and wipe her knife, fork and spoon and leave them in her desk, and so have no empty luncheon kit to carry home each day.

If a child eats a good breakfast and is to have a hearty and satisfactory dinner, a light luncheon is quite sufficient, though it is well to make it as nourishing as possible. A bowl of good mayonnaise and a bottle of good French dressing should be on hand at all times for fixing up dainty dishes for the midday meal at school.

Anemic children should be given a cup of cocoa or beef tea between their regular meals and before bedtime a cup of peptonized or malted milk. Cream added to whey is a useful food for children with inherited lung tendencies. They should be given tender meats, vegetables and fruits in abundance, a sufficient quantity of milk, open air, lives, little study and an easily assimilated diet.

Even October weather disappoints sometimes, and winter is nearer than we want to think it is. So the foresighted mother will begin to lay away for the "bad weather closet." As soon as school opens all of the toys may be placed here for safekeeping, and the cupboard only unlocked on Saturdays and when the weather does not permit out of door playing. All magazines should also be resorted to this storehouse, for they will provide abundant material for scrap books and families of paper dolls.

Keep the post cards, too, for they will often fill an hour or two with pleasure that may also be made instructive. An album keeps them in good condition and saves fingerling. Furniture, fashion and kitchenware, catalogues, also help, and a pack of cards is not to be despised. Many of these things are valuable to grown ups and yet they furnish the best kind of amusement for children. The collection should in-

### ASPIRIN FOR HEADACHE

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Headache, Colds, Pain, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monacetic-acidester of Salicylicacid.

Include a few good games. Rolls of colored crepe paper and a supply of paper napkins, with the assistance of many pins will make fancy costumes, paper dolls and paper flowers. Clay for modeling is another important feature and a pair or several pairs in fact, of blunt scissors should be added.

### Everyday Etiquette

"I enter a train and find that all of the seats are taken except one, and somebody has left a bag in that seat, showing that it is reserved. Have I a right to take that seat?" asked James. "You have a right to occupy the seat, but most people regard the seat as taken. I would suggest you take the seat and if someone claims the bag offer the seat to them," answered his uncle.

## MOSCOW PEOPLE DIE FROM HUNGER

Russian Princess Tells of Tragic Scenes in Streets Where Soviets Held Control.

Paris, Oct. 23.—Word pictures of Moscow's hunger are given in the story by a Russian princess who has escaped from Russia.

"I will not speak of the terrible revolting and odious things that passed in the streets of Moscow," she said, "but only of the hunger incidents I saw and which were repeated day after day. I met a woman and a child, ragged and thin as skeletons, the child crying constantly with an unchanging expression of pain. The mother said that the child was hungry and asked for a piece of bread as they had not eaten in 24 hours. I opened my purse but the woman turned away saying 'no, not money but bread'."

Another time I saw a blond-haired young girl with arms outstretched leaning like a living crucifix against a wall murmuring "I am hungry." Next day she died.

I have been in the middle of a side street, a great yellow, hollow-sided dog, carrying a bone with a little meat attached, while a ten year old boy a few steps away with the pallor of long misery on his face watched the dog as if hypnotized. With neck outstretched, mouth open and fists clenched he looked at the dog with hate and revulsion. "I have seen children hardly clothed, hollow cheeks and with forms like shadows, on their knees in the streets trying to pick from between the paving stones grains of wheat that had fallen from a torn sack. I have seen before bakers' men, women, and children stretched on cold stones, awaiting through days and nights their turn to get their meagre rations of bread and then often falling exhausted and dying at the door steps before they received it."

## PRISONER IS PARDONED AFTER 33-YEAR TERM

Harrisburg, Pa., Oct. 3.—Governor Sprout yesterday signed the document which sets free William Joseph McMeen, of Juniata county, who has been in prison since 1886 for wife murder. The governor's pardon was mailed to the state penitentiary immediately and today McMeen will once more breathe the air of freedom. He has been in prison for a longer period than any other criminal in the state.

McMeen, who is about 50 years old, has been offered employment by a number of persons. It is understood he will take a position in the western part of the state.

## 80 YEARS OLD-- ATTRIBUTES HEALTH TO INTERNAL BATHS

Mr. D. C. Newcomb, 704 N. 4th Ave., Atchison, Kan., writes Tyrrell's Hygienic Institute of New York City as follows:

"My next birthday is July 13th--80 years old. Have used Tyrrell's 'J. B. L. Cascade' for more than 20 years. Best and only remedy that brings relief from the use of drugs. My experience proves that it always relieves. No danger from it. My ailments were principally Uric Acid, Biliousness, Constipation, etc."

This is by no means an exceptional letter for Tyrrell's Hygienic Institute to receive, and there are now over half a million Americans using Dr. Tyrrell's "J. B. L. Cascade" with like results.

The scientific use of Nature's cleanser--warm water--it eliminates all poisonous waste from the lower intestine and gives Nature a chance to work unhampered.

You will be astonished at the difference in your feelings the morning after an internal bath. The "J. B. L. Cascade" will be shown and explained to you by Hudson Avenue Pharmacy, R. L. Williams, proprietor, 222 Hudson Ave., cor. Oak street, Newark, O. who will also give you free, on request, an interesting booklet by Dr. Chas. A. Tyrrell, "Why Man of Today is Only 50 per cent Efficient."

Internal Bathing is so effective in the promotion of better health--Adv.

"FINE FOR STOMACH," SAYS G. B. PLUMLEY

The story of Geo. B. Plumley, Division Operator of the B. & O. is of interest to all who suffer from stomach trouble. He says:

"I have every reason to believe that a few years ago Dr. Parker's Treatment for indigestion and constipation saved my life." He goes on to tell of the tortures he suffered, how miserable and run-down he became; of hopeless visits to specialists and health resorts; how a friend advised this treatment, of the quick and permanent relief it gave him. Finally he says: "I have recommended Dr. Parker's Treatment thousands of times and never know it to fail."

"I am so positive that my treatment will relieve indigestion and constipation that I authorize your druggist to return your dollar if it fails in your case." Geo. B. Parker, M. D., Athens, Ohio--Adv.

## YANK TOURISTS IN PARIS ARE CHILLED

Paris, Tuesday, Oct. 22.—American tourists who have recently reached Paris wish that they might have brought their own coal supply with them. October has been unusually cold and damp but there is an official prohibition against the use of coal for central heating purposes before November 1, so that only those hotels able to obtain a supply of wood are heated.

Most Paris hotels have no coal and shivering tourists are wishing themselves back home.

Travelers just arrived from Berlin and Vienna say that prices there are higher and heat also is lacking.

Paris is still filled with refugees from the devastated areas and from countries upset by war, accounting for the great demand for shelter.

## EX-KAISER SUES TO STOP FILM DISPLAY

Berlin, Tuesday, Oct. 21.—The former emperor has commanded Herr Siebert, an attorney of Berlin, to institute a suit against the actor Ferdinand Bonn who prepared what are known as the "Kaiser films" which were barred in Berlin but were permitted to be exhibited elsewhere. The emperor charges insult and the misuse of his portrait and asks for the suppression of the films.

The Bonn films referred to in the foregoing were to have been produced in Berlin, October 10, but were suppressed by government order on that day. The title of the picture was announced as "Wilhelm's good fortune and bad finish."

The government announcement said the suppression grew out of a desire to prevent the films being made a cause for political combat at a time when party feeling already was at a high pitch.

GRANVILLE

(Special to the Advocate)

Granville, Oct. 23.—Mrs. E. J. Dorsey entertained the members of the Winter Frolic club and their guests at a charmingly appointed dinner Wednesday evening at her home in Broadway. After the customary activities of the club during the afternoon dinner was served at 6 o'clock at which covers were laid for twenty-five. Out of town guests were Mrs. C. W. Dorsey of Los Angeles, California; Mrs. Grove Jones of Kentucky; Mrs. Everett of Columbus, and Mrs. Frank Rees, of Trenton, New Jersey.

Mrs. Lawrence Goodell of Indianapolis, Ind., is visiting for a few days at the home of her grandmother, Mrs. Hoover, in West Elm street.

Miss Anna Lyon, who is keeping house for her brother "Bert" Lyon of Charleston, W. Va., is in Granville for a few days stay at her home in East Elm street.

The Ohio Baptist convention just closed which met with the First Baptist church in Dayton, was one of unusual importance by reason of the great movements in which Ohio Baptists are involved. Delegates elected from the Granville church were Rev. and Mrs. C. J. Bowen, Mrs. T. F. Chambers, Rev. C. C. Ewart, Mrs. Ella Fra-

ker, Rev. J. M. Lockhart and Mrs. C. E. Stanton. Several others from Granville attended as speakers on the various programs.

Rev. Daniel Rutenhouse, pastor of the First Baptist church in Columbus, whose dynamic force is being felt throughout the entire denomination is a graduate of Denison university. His three lectures on "Power" on successive mornings were features of the devotional element of the convention.

A report of the board of managers was read on Tuesday morning by Rev. T. F. Chambers, executive secretary Ohio Baptist Convention of Granville, and the report of the treasurer was read by E. E. Hopkins.

On Tuesday evening at the annual meeting of the Ohio Baptist education society, President C. W. Chamberlain of Denison university delivered an address on "Ohio Baptists and Education."

On Wednesday morning, W. A. Holmes of Granville read the report of the committee on Sunday schools and Rev. C. E. Stanton, district secretary, spoke on "Ohio's Constitution to Home and Foreign Missions."

"The Claims of the Christian Ministry" were set forth in an address on Wednesday evening by President Emory W. Hunt of Bucknell university, former President of Denison. The sessions closed at noon today.

The W. C. T. U. meeting and the D. A. R. community supper are events booked for Friday. The former at 2 o'clock p. m. in the community rooms; the latter at 5:30 in the social rooms of the Baptist church.

Mrs. Effie T. Christy of Akron has arrived in Granville as the guest for a few days of her parents, Mr. and Mrs. S. P. Tresize.

Mrs. Frank A. Ray, who is spending the day in Columbus, has been made a member of the general district county board of health—and on Tuesday was re-elected a member of the Red Cross county board of directors.

The lecture, recital this evening by Prof. Bennett in Recital hall will feature "Tschalkowsky."

The Granville Grange will meet Friday evening at 8 o'clock in Odd Fellows hall.

MT. HERMON.

Sunday will be another big day for Tenth Street U. B. and Mt. Hermon churches. Sunday school at 9:30 and followed by special services. Sunday school at Mt. Hermon at 1:30 and preaching at 2:30 by Pastor W. P. Harbert.

Kennedy-Copeland.

Before a half circle of white flowers and ferns in the sanctuary at St. Francis de Sales church the marriage of Miss Clara Copeland and Mr. John Kennedy was solemnized at 9 o'clock this morning.

The high altar was banked with ferns while at the ends of the half circle tall French baskets were filled with yellow chrysanthemums and caught with yellow tulle.

Rev. Father B. M. O'Boylan, pastor of the church, celebrated the nuptial mass. The bride wore a suit of navy blue duvety with a small scarf of ermine. Her hat was of blue and white and she wore a corsage of bride's roses. Her attendant was Mrs. Raymond Wade, who was gowned in a suit of brown silvertone with beaver trimming. Her hat was of brown and she wore sunburst roses. Mrs. Kennedy's best man was his brother, Mr. Maurice Kennedy.

During the offertory Frank Bwald sang "O, Perfect Love."

A wedding breakfast was served at 10 o'clock at the home of the bride's parents, Mr. and Mrs. John Copeland, in Maple avenue. The bridal table was centered with a basket of yellow chrysanthemums and white unshaded candles were used. The chandelier was covered with smilax and from this extended narrow ribbons of yellow and white. The wedding cake was cut with a sterling knife given to Mrs. E. R. Jackson in 1868 as a wedding present and she gave it to the bride.

The bride's bouquet was caught by Miss Genevieve Kennedy. The out-of-town guests at the wedding were: Mr. and Mrs. James Copeland, of Bucyrus; Mr. and Mrs. George Hedrick and son, Elwood, of Columbus; Bob Sherry, of Columbus.

Mr. and Mrs. Kennedy left on a wedding trip to Virginia and on their return will be at home in 379 Maple avenue. The bride has been head of the glove department at the W. I. Mazy store and Mrs. Kennedy is a mail carrier. He recently returned from overseas service.

Frazier-Stevens.

At 10 o'clock this morning the marriage of Miss Florence Stevens and Mr. Clarence L. Frazier was solemnized at the First Baptist church.

The bride wore a traveling suit and was attended by Mr. and Mrs. Ray Frazier. Dr. C. H. Stull, pastor of the church, read the marriage service.

Mr. and Mrs. Frazier left for a wedding trip and will be at home on a farm at Edinburg, Ind. The bride is the daughter of Mr. and Mrs. C. U. Stevens, of West Church street, and has been teaching science in the Edinburg high school.

Wharton-Handel.

The marriage of Miss Eva Irene Handel and Mr. William Wharton was solemnized at the parsonage of the First M. E. church, Wednesday evening at 7:30 o'clock. Dr. L. C. Sparks, read the marriage service. They were attended by Mr. and Mrs. Charles Jones.

LESS THAN \$1000  
PLEGGED TO FUND

Roosevelt Memorial Committee Calls For Large Number of Voluntary Subscriptions to Complete Quota.

"Unless there are a large number of voluntary subscriptions to the Roosevelt Memorial fund, the campaign in Licking county will be a flat failure," it was announced this morning by the committee of which E. C. Wright is chairman.

Reports from the five team workers who yesterday solicited contributions for the fund, indicate that less than \$1,000 was secured. This leaves \$1,970 to be raised to complete the quota, for Licking county, \$2,970.

An appeal is being made today for a large number of voluntary contributions which may be sent to Warren Suter, county treasurer of the fund, at the Newark Trust company.

CONGRESS COMMITTEE  
TO PROBE CAMP COST

Columbus, Oct. 23.—The congressional subcommittee created to probe for scandals in the construction of army camps will begin hearing evidence in Columbus next Wednesday according to a dispatch from Washington today.

This hearing follows a preliminary investigation which has been going on for several weeks relative to how the "cost plus" methods operated in the construction of Camp Sherman.

Representative Ricketts, of Chillicothe, will accompany the subcommittee which is composed of Representative Roscoe McCullough, of Canton, Representative McKenzie, of Illinois, and Representative Doremus, of Michigan. McKenzie is chairman of the subcommittee. The subcommittee has full inquisitorial powers to compel the attendance of witnesses and the production of books and papers. A deputy sergeant-at-arms will also accompany the committee to serve subpoenas and three or four investigators who have been in the field looking up evidence will also be in the party.

Following the Columbus hearing the committee will visit Camp Sherman for further investigation.

OHIO GROCERS APPEAL  
TO GOVT. FOR SUGAR

Columbus, Oct. 23.—The Ohio Wholesale Grocers association will appeal to United States Attorney General Mitchell Palmer to grant relief to Ohio from the present sugar shortage.

Following a meeting of the wholesale grocers executive committee in Columbus yesterday, E. E. Hills, of Beloit, Wis., and George A. Bauer, of Cincinnati, today went to Washington to confer with Palmer.

Wholesale grocers charged that eastern jobbers were buying the Ohio beet sugar crop which is the only source of sugar supply for Ohio until the Cuban crop comes in January.

Hills and Bauer will request federal authorities for a more equitable distribution of sugar. By order of the sugar equalization board the supply of all cane sugar from the east was cut off to Ohio on the assumption that this state could depend upon its beet sugar crop.

HEISEYS PLAN HOME  
GAME SUNDAY, NOV. 2

The Heisey Tigers will go to Coshocton Sunday to play the Coshocton Belvedere. Coshocton boasts of having four former college men in their lineup, but Heiseys expect to bring back victory as the boys are all in good shape after their game at Marion Sunday. Reese may be unable to start the game as he suffered a sprained ankle.

In all probability the Heisey players will be seen in Newark Sunday, Nov. 2 just when the spectators are beginning to wonder if the team is negotiating with two of the fastest teams in this section.

Heiseys will practice Thursday evening at 7 o'clock.

AMERICANS SELL

**Wall Street.**  
New York, Oct. 23.—Stocks were heavy at the opening of today's session the reversal being attributed to prospects for renewed industrial disturbances in connection with the withdrawal of the labor delegation from the industrial conference. Recent favorable reports on motors and equipments reacted 1 to 4 points with shipings, tobacco and food shares. Republic Iron, which featured yesterday's late dealings broke 3 1/2 at the outset. United States Steel losing 1 1/2 but Bethlehem, Crucible and Lackawanna steels were strong.

Steels soon became the outstanding features, trading in that group assuming seasonal proportions. During the first hour on a volume of business exceeding 500,000 shares Lackawanna jumped up 1 1/2 points, Crucible 1 1/2, Bethlehem 4 and National Lead 6. Republic and United States Steels made full recoveries and several minor steels rose 2 to 5 points. Many of these gains suffered material reduction later, partly on profit taking and also because of market pressure elsewhere. Motors were under persistent pressure declining 2 to 6 points, rails, shipings and copper also easing. Call money opened at 6 per cent.

**Chicago Grain Review.**  
Chicago, Oct. 23.—Corn underwent a fresh setback in value today largely as a result of a new downturn in the price of hogs. Opening prices, which ranged from 7 3/8 off to 1 1/2 up, with December 1 1/2 1 1/2 to 1 1/2 1/2 and May 1 1/2 1 1/2 to 1 1/2 1/2 were followed by a material decline all around, and the something of a reaction.  
Oats weakened with corn after opening 1 1/2 to 3 1/2 down, including Dec. at 71 1/2 to 71 1/4 the market continued to sag.  
Provisions parted company with the hog market, and rallied after an initial downturn.

## AT NOON TODAY

There was less than \$1000 received by the Roosevelt Memorial Association, in the campaign to raise Licking County's quota of \$2,970.

The contributors give small amounts, thus necessitating a large number of calls by the workers in the campaign. These workers are donating both their time and their money.

Voluntary subscriptions will greatly aid in this campaign and will save it from a possible failure. The public is urged to consider this a personal appeal.

Mail, send or carry in person your contribution to Warren Suter, Treasurer, care of Newark Trust Company, Newark, Ohio.

**THE LICKING COUNTY ROOSEVELT MEMORIAL ASSOCIATION.**

E. C. Wright, County Chairman. 10-23-1f

**Ray Evans Will Speak.**  
Ray Evans, a returned Y. M. C. A. worker from France will speak at the White Chapel Epworth League, Sunday evening at 7 o'clock.

**Hurlbaugh is Acting Chief.**  
During the absence of Police Chief Jas. Sheridan, Edward Hurlbaugh is acting in his stead and directing the day patrolmen in their duties. Hurlbaugh is always on the job and in constant touch with every section of the city.

There was quite a lull in police quarters this morning and with the exception of a woman who wanted the dogs chased out of her yard, "there was nothing doing."

**Twenty-Three Absentee Votes.**  
Twenty-three absentee votes have been received at the office of the board of elections in the city building in North Fourth street. The election supplies will be distributed on Saturday, Nov. 1.

Ballots have been ordered printed for the special election on a bond issue of \$60,000 in the St. Albans special school district.

**Watch for Kidnapper.**  
Acting Chief Edward Hurlbaugh detailed two officers to watch the passenger trains going through this city today and be on the lookout for a two-year old boy who was kidnapped yesterday at Atlantic City, the kidnappers boarding a Pennsylvania train there bound westward.

**Golf Company Stock Sold.**  
Stock in the Burke Golf company which has been held by Cleveland people, has been sold to Dayton parties. It was stated today at the office of the company here. The change in the ownership of stock will not effect the management of the plant nor its location.

William Burke, president of the company said today. Called to Springfield.  
Rev. R. E. Smith, who is conducting the meetings at the First Baptist church went to Springfield today for a wedding, but he will return tonight in time for the evening services. The meetings are increasing in interest every night.

**Removed to Home.**  
Ernest J. Miller who was injured at the Baltimore & Ohio shops on October 10, was removed to his home 431 Eddy street, Wednesday afternoon in the Bradley ambulance.

**Cash Prize Contest.**  
Answers in the cash prize contest presented in yesterday's Advocate may be sent to the Advocate as late as Saturday, Oct. 25. Letters bearing the postmark of Oct. 25 will be accepted.

Answers may be sent by mail or otherwise, addressed to Contest Editor of the Advocate. Eight telegrams appeared on page 9 of yesterday's paper. The contest consists of reducing each message to 10 words or less. Look at yesterday's Advocate and send your solution promptly. Six cash prizes will be awarded to the winners.

**MASONS PLAN TO SELL STOCK IN TEMPLE CO.**

At the recent monthly meeting of the Masonic Temple committee it was decided to start a campaign for the purpose of selling preferred stock to the members of the order and clear the temple of the present heavy debt to the Johnstown Building and Loan association. In carrying out the plan a dinner was given by the trustees to the officers of the Blue Lodges last evening at which the matter was thoroughly discussed by all present and a committee of the masters, secretaries and trustees of the two lodges was appointed to meet on next Monday evening at the lodge room to plan the campaign. There are nearly 1,000 members of the order in the city and with Masons in the county who are members of the higher bodies that number will reach over 1,200. If every member could take out two shares of \$25 each, more than the amount necessary could be raised. As it is if 600 of them would take out four shares each there would be no difficulty in securing the money needed. These matters will be before the members in a short time, as well as the easy plan of payment.

**SAYS HUBBY GOES TO DANCES WITHOUT HER**

Charging that ever since leaving the farm and coming to Newark her husband has never taken her out once for an evening's entertainment, Edna O. Gearhart Hammack has filed a petition in probate court against Earl J. Hammack.

They were married on September 22, 1915, and are the parents of two children, aged two and one years. In her petition Mrs. Hammack alleges that her husband has been guilty of misconduct and also extreme cruelty in that he remains away from his home until midnight attending dances and associating with other women.

Hammack left home October 20, taking the elder child and saying that he did not know whether he would return. She asks that she be granted a divorce and alimony for the support of the children and that they be placed in her care.

## KIRKPATRICK GETS \$12,918 IN SUIT

Master Commissioner Reports Finding to Court in Gas Suit Involving Large Sum.

Judge J. M. Swartz, as special master commissioner, has rendered his decision in the case of James H. Kirkpatrick vs. the Utica Gas, Oil and Mining Co. et al. The suit was brought for an accounting for commissions upon gas furnished under a contract between the Kirkpatrick and the company, entered into July, 1903. Judge Swartz found that there is due to Kirkpatrick for commissions the sum of \$9,738.59, and interest \$3,179.81, making a total amount found due Kirkpatrick of \$12,918.40.

**LEGAL NOTICE.**  
Court of Common Pleas, Licking County, Ohio.  
Jasper A. Kirk, Plaintiff  
The Unknown Heirs of Samuel Parsons, deceased, Defendants.  
Case No. 19816.

The unknown heirs of Samuel Parsons, deceased, whose names and residences are unknown to plaintiff, will take notice that Jasper A. Kirk on the 20th day of October, 1919, filed his petition in the Court of Common Pleas of Licking County, Ohio, alleging that he was the owner in fee simple of Lot Number Eighty-seven (87) in the Village of Hebron, Licking County, Ohio, and that he and his predecessors in title had been in open, notorious, continuous and adverse possession of the real estate above described for more than forty years. That defendants claim some interest in said premises adverse and hostile to plaintiff; that defendants have no claim or interest in said premises and that whatever claim they make is unfounded and a cloud upon plaintiff's title. Plaintiff prays that the title to said premises be quieted in him and that defendants be forever barred from having or claiming any right to said premises.

Said defendants will answer said petition on or before the 20th day of December, 1919, or judgment will be rendered against them as prayed for in plaintiff's petition.

**Telephone Service.**

**OTHERS STRIVE FOR WHAT NEWARK HAS.**

The city of Philadelphia with its nearly two millions of inhabitants is going to have as good telephone service as the city of Newark which has a population of perhaps thirty-five thousands.

It has just been announced that the Bell Company of Philadelphia is about to commence the installation of the automatic telephone.

It will be two or three years before much progress will be noted and ten years before it is completed.

During all of that ten years telephone users of Newark will have the best there is while those of the larger city will be traveling in that direction.

The great city of Cleveland is demanding automatic telephone service.

In other words the city of Newark is ahead of these large cities in the quality of telephone service its people have.

We have "the best that is" in the way of telephone service and that is none too good.

## Women Who Are Seeking The New Weaves in Dress Goods

Will find them on display in our dress goods department. Anticipating the fact that more women will be making their dresses this season than for many seasons, we have arranged a big showing of popular priced wool fabrics—and now that the time is here when fall garments are a necessity, we invite your inspection of what the new season has brought forth.

**WOOL TRICOTINE AND SERGE ARE AMONG THE FAVORED FABRICS FOR SUITS AND DRESSES**

Because they possess the draping and tailoring qualities that are so necessary to meet the fashion of today. They are durable and serviceable, too, a feature not overlooked by practical women.

### A FINE TRICOTINE AT \$3.50 YD.

50 inches wide—very much used for suits—dresses and separate skirts in tan—brown and navy.

### 42 INCH ALL WOOL SERGE \$2.50 YD.

A splendid fabric for one piece dresses, and a big assortment of colors to select from, including navy—brown—rose—plum—grey—heaven and taupe.

### THE WOOL TAFFETA AT \$1.75 YD.

Is another pretty wool material—38 inches wide—and a good assortment of plain shades to select from.

### THE WOOL CHALLIES AT \$1.00 YD.

Make practical one piece dresses or serviceable waists for general wear. These come in dark back grounds with small designs in other colors. 27 inches wide.

### IF YOU PREFER TO COMBINE SILK

With your wool material, you will find all the new silks ready to meet your demands, in the plain shades—pretty stripes and plaids, and fancy vestings in delicate tints.

### THE PUSSY WILLOW SILK

is 49 inches wide, and a beautiful quality. It's called the silk of sensible economy, because its exceptional quality demands no further trimming, unless desired. It not only combines well with other weaves, but is very handsome for waists, separate skirts and dresses. Shown in the popular street shades and priced at \$3.95 yard.

### TAFFETAS AND MESSALINES

Are shown in various qualities—while these are used mainly for dresses, waists, skirts and trimmings, where one wants a handsome lining for a suit or coat, either of these materials can be selected in a color to match the garment.

### THE SPECIAL SILKS AT \$2.00

Include some excellent messalines and taffetas. These are 35 inches wide and the assortment contains practically all the wanted street shades, as well as the light tints of pink and blue.

## BAPTIST WOMEN ELECT MISSIONARY OFFICERS

Dayton, Oct. 23.—Inadequate salaries is keeping good men out of the ministry, according to reports submitted today to the Ohio Baptist convention. Recommendations made that substantial increases be provided. The following officers were elected by the Women's Baptist Mission Society of Ohio: President, Mrs. C. E. Mendenhall; vice presidents, northeast district, Mrs. A. W. Stone; northwest district, Mrs. John Frank Smith; central district, Mrs. K. O. Burr; southwest district, Mrs. Harvey A. Long; southeast district, Mrs. S. E. Dayton; secretary treasurer, Mrs. J. C. Prescott; literary secretary, Miss Margaret Crebs; foreign secretary, Mrs. A. Stone.

## KING ALBERT PASSES THROUGH CITY WED.

King Albert, Queen Elizabeth and Prince Leopold, of Belgium, passed through Newark last night about 10 o'clock, on their way from Cincinnati to Pittsburgh, where they will be the guests of that city today. No one had been informed of the royal party's coming and when their train stopped for water in this city only the depot employees were there to greet it. Ticket Agent Batch closed his office and one of the officials in charge of the train pointed out King Albert who was earnestly engaged in conversation with one of his traveling companions. The queen was in a rear coach.

## STRIKERS ENCOURAGED BY GOMPERS' SUPPORT

Pittsburgh, Oct. 23.—Union leaders and steel companies of the Pittsburgh district claimed the advantage for their respective sides today. Representatives of the strikers said the men were gaining ground and that the strike had been given added impetus by the statement of Samuel Gompers, president of the American Federation of Labor, to the effect that the federation would lend its financial and moral support to the striking steel workers.

## STRIKERS ATTEMPT TO BURN HOMES IS CHARGE

Youngstown, Oct. 23.—One man was fatally wounded and another seriously injured when police broke up two attempts at arson by strikers shortly after midnight Wednesday night. Joachim Magapano will die, while Giuseppe Pagio, who was ho above the heart is in a critical condition. A group of striking Serbians and Italians held a secret meeting in Brier Mill Monday night and decided to burn the house of several men who continued to work if their threats of violence were not heeded. The hour was set for Wednesday at midnight. In some way the police got wind of the

plot and lay in wait for the strikers. Three Serbians had already set fire to the house of George Hall, 125 Fox street before they were caught. Another group of three Italians were surprised attempting to fire the house of Dominic Torry, 3660 West Federal street and Jim Maldo blacked Police Sergeant Brenner's in the battle that ensued. All of the six men were armed and are under arrest on various charges, including carrying concealed weapons and attempting arson.

The Brier Hill Steel company and the Republic Iron and Steel company are each preparing to light another blast furnace today. The Brier Hill will also put two more open hearth furnaces in commission during the day.

## MORE INDICTMENTS EXPECTED IN GOTHAM

New York, Oct. 23.—Further indictments for complicity in an alleged plot of government agents and others to sell immunity from enforcement of the prohibition law were expected today from the federal grand jury which handed down five such indictments yesterday.

Although federal officers were reticent in designing the cases it was

hinted that arrests of "higher ups" might be expected. William J. Bryan, chief of the bureau of investigation of the department is personally directing a score of his most trusted agents in the graft hunt.

Mr. Flynn said he had reason to believe the sum collected from New York saloon keepers anxious to gain "protection" would run into "hundreds of thousands of dollars."

## MUELLER IS GERMAN DELEGATE

Berlin, Wednesday, Oct. 23.—Dr. August Mueller, former food controller, probably will head the German delegation at the labor congress at Washington.

## LIMIT SCHOOL PUPILS TO 10 CTS. FOR FUND

Superintendent Barnes spoke to the high school in chapel Wednesday concerning the Roosevelt memorial. Superintendent Barnes explained the project to the pupils and told the part of the school in the campaign. Collections will be taken in the various session rooms for this purpose. No pupil will be allowed to give more than ten cents toward the memorial.
